### **The Gaslight Effect Goodreads Share book**

This book was very insightful to me. I had never heard of the concept of the "gaslight effect" before, and found this author's view to be very helpful and applicable in some areas of my own life. It is always nice, when going through tough times, to know that there are others out there that have gone through the same things as you.

### **Amazon com The Gaslight Effect How to Spot and Survive**

I think this book does a good job of describing the phenomenon of gaslighting, as the author calls it. This is important, because gaslighting is an insidious form of abuse, and the recipient of it may feel confused and not know how to describe what's going on. For me, though, that's where the book's utility ended.
