The Green Fairy Book by Andrew Lang Goodreads

The Green Fairy Book contains 42 tales, if I counted correctly. The ones which you will immediately recognize are The Three Little Pigs and The Story of the Three Bears. However, these stories aren't always the way that you remember them. Another one, which was my favorite, was The Fisherman and His Wife.

Andrew Lang's Fairy Books or Andrew Lang's "Coloured" Fairy Books constitute a twelve-book series of fairy tale collections. Although Andrew Lang did not collect the stories himself from the oral tradition, the extent of his sources, who had collected them originally (with the notable exception of Madame d'Aulnoy), made them an immensely influential collection, especially as he used foreign-language sources, giving many of these tales their first appearance in English.
