### **The Grimm Legacy Book Review Common Sense Media**

THE GRIMM LEGACY is a splendid fantasy, full of suspense, adventure, a good-vs.-evil plot, and a hint of true love. A giant of a fairy tale! Readers will be happy to know there's an exciting companion novel, The Wells Bequest, in which the New York Circulating Material Repository also figures.

### **The Grimm Legacy Teenreads**

It is the exploration of these assumptions about stories and narrative structures that makes THE GRIMM LEGACY a pleasure to read. Instead of being satisfied with a ride on a magic carpet, or a meal from a table that sets itself, the novel addresses the complexity of the fairy tales, the objects in them, and the way they are used.

### **The Grimm Legacy Polly Shulman Google Books**

Elizabeth has just started working as a page at the New York Circulating Material Repository - a lending library of objects, contemporary and historical, common and obscure. And secret, too - for in the repository's basement lies the Grimm Collection, a room of magical items straight from the Grimm Brother's fairy tales.

### **The Wells Bequest The Grimm Legacy 2 by Polly Shulman**

The Wells Bequest is a companion novel to The Grimm Legacy, a book I had not read before reading this one. The main character is Leo, who seems a miniature version of himself with an attractive girl flying on a miniature time machine. The only hint his mini self gives him is to read a book by H.G. Wells.

### **Amazon com The Grimm Legacy 9780142419045 Polly**

"The Grimm Legacy" by Polly Shulman is a \*totally\* delightful find, then, in terms of what it offers: magic, literature, social situations, age-appropriate romance (the protagonists are high-schoolers working, in the library, no less - said daughter also volunteers in a library!).

### **The Wells Bequest A Companion to The Grimm Legacy eBook**

This book is a companion novel to The Grimm Legacy, not a direct sequel. All that really means is it doesn't directly follow the first book, it's in the same universe but not the same story with the same characters. I really enjoy companion novels, you can read them without knowing anything about the main story.
