### **The How of Happiness A Scientific Approach to Getting the**

Excellent book on tangible ways to increase happiness in your life. Basic theory: We have a genetic happiness set point that accounts for 50% of our happiness, 10% of our happiness comes from our life's circumstances, like where we live, what car we drive, how much money we make, etc. And the remaining 40% rests in how we choose to be happy everyday (i.e. our daily activities). The book focuses on refining that 40%. All based on empirical evidence. A must read.
