Hug by Jez Alborough Paperback Barnes Noble

We got this book when my girls were very young and they loved it. Now they are ages 13 and 10, and 'Hug' remains one of their favorite children's books. Yes, there is only one word in the entire story, but that is all that is needed for this sweet tale. Part of the fun for us was using different vocal expressions for the word 'hug' to match whatever was going on in any given picture.
