This book interested me because I own a janitor company and have worked through some of the same issues particularly in balancing family and work. Of the 'six directives' the one that struck me most was #5 which says "Don't spend, invest".

Janitors was one of the most awesome books ever. It was super interesting. I couldn't stop reading it. One day this boy, Spencer had to go to the bathroom because some bully named Dez wrote something on his head and when he washed his face with this pink soap, suddenly he could see these strange creatures. His adventures was so exciting and sometimes a little bit scary but not too much. It was just right. I got 100% on the AR test for this book and it was worth 9 points and it is a 5.1 AR Book.
