Amazon de Kundenrezensionen The Leadership Engine

This is one of the better books written on the subject of how companies/organizations create and sustain a competitive edge. The authors do a good job convincing me that leadership, whose impact is difficult to measure, is in fact the lifeblood of any successful company. They thoroughly helped me with my own leadership.

The Leadership Engine Goodreads

The Leadership Engine, by Noel Tichy, is devoted to describing how great leaders push and lead their corporations toward success. Using case studies and research, this book shows that leader driven organizations are more successful, rather than mere manager led. In so doing, the author shows how leader led organizations have traits that lead them towards achievement of their goals.
