SparkNotes Life of Pi Plot Overview

Pi tells the story as above, but it does not fully satisfy the skeptical men. So he tells it again, this time replacing the animals with humans: a ravenous cook instead of a hyena, a sailor instead of a zebra, and his mother instead of the orangutan. The officials note that the two stories match and that the second is far likelier. In their final report, they commend Pi for living so long with an adult tiger.
