Little Pink Book of Etiquette by Ruth Cullen goodreads com

A handy, easy-to-carry reference guide for things like interviews, phone etiquette in public places, how to recover from social faux pas. I recommend it as a beginner's etiquette book if anyone still cares. Which I think they don't. Which concerns me greatly.

Amazon com Customer reviews The Little Pink Book of

I bought all 3 books in the Pink Books series and I am disappointed with each and every one of them, they're each small, cute and portable (think about keeping it in your mini purse to read while waiting in line), but the content is more than just lacking, it's like reading the headlines of the news without actually reading the story. Wouldn't buy again. The only reason I gave it 2 stars is because of the design and portable size.
