RELATED BOOK :

The Mammoth Book of Bikers Mammoth Books Band 464

Not only do you get law enforcements side of the story, but you can read what the bikers have to say. This book includes personal stories as told by the participants. It doesn't take sides when presenting a situation, it just tells the story. I read the entire book, and have gone back to re-read different passages. It reads quickly and smoothly. Very entertaining.

Accuse without proof is really quite bad. As for the other articles, I found them really quite fascinating. We have police, we have bikers, we have biker women, we have people who know bikers writing articles here which makes this very interesting. It is quite a good mix here. In short, this book is a good read.
