Also impressive is the writing style of The Maze Runner. Similar to Patrick Ness's Chaos Walking books, The Maze Runner employs a particular new slang the Gladers have evolved their own way of dealing with problems and speaking, using words like shank, greenie, griever, among others. It's a little strange initially, just as it is strange to protagonist Thomas's ears, but makes sense in the context of the story.

### **The Maze Runner Book Review Devourer of Books**

This is good, because it means I'm intrigued enough in his story to care to know more, but bad because we are only allowed the tiniest peek in The Maze Runner. The Maze Runner is the first book in a trilogy, and it does appear that in the second book at least we will go much deeper into the society and politics of what is happening. The ending of The Maze Runner in particular got me VERY excited for the next book.
