### **The Only Astrology Book You'll Ever Need Joanna Martine**

Way too basic to be "The only Astrology Book" you'll ever need. I have several other books that offer much more information and are still an easy read for a novice. Just disappointed there was so much bad generalizing, way to much importance on Sun sign, and breezed over pretty important stuff, if it mentions it at all.

Our Review: The title of this book is a mite ambitious. In fact, it almost invites criticism right off the top.

However, the author s direct and simple style is commendable, making this book a decent choice for beginners.
