### **Amazon de Kundenrezensionen The Portable Henry Rollins**

Portable Henry is just that. Little quips of his previous writings all in one book. Take it with you when you feel you're the only one who gets screwed. After a few lines you'll realize you're not bad off. Hank got screwed bigger, faster, and harder than you could imagine. Sick humor and indepth look into this man's loneliness and why he's so messed up emotionally. A great read, and a must have if you're a fan.

### **The Portable Henry Rollins by Henry Rollins Paperback**

The first book I read by the incredible Henry Rollins was 'Black Coffee Blues' I was extremely upset when I was on the last couple of pages and then I picked up 'Portable' to find it is pretty identicle to 'Black coffee Blues' which made me so happy. Both the books talk about some disturbing issues, things that go on that people don't really want to accept that these things are real. Henry Rollins, you are not alone in any way that you feel because each word you write, I've already felt.
