The Problem of Pain by C S Lewis

The problem of pain is that it isn't a problem in the way we think it is when we first begin to look at the entire subject. The book reminded me of looking at the negative image of a familiar picture.

The Problem of Pain Quotes by C S Lewis

Mental pain is less dramatic than physical pain, but it is more common and also more hard to bear. The frequent attempt to conceal mental pain increases the burden: it is easier to say My tooth is aching than to say My heart is broken.

The problem of pain is independant of believes, it will always occur to anybody. C.S. Lewis approaches the problem of pain from an christian perspicive and (to me) successfully explains the concept of pain in relation to god and humaniry, divine and mortal. Lewis challenges our very thinking to a level that is looking beyond the obvious. This book encourages to expand our moral horizont just as much as our horizont of intelligence.

C S Lewis The Problem of Pain

The Problem of Pain, the first of a series of popular works on Christian doctrine, was written in 1940, twenty years before his beloved wife, Joy Davidman, died of cancer in the third year of their short-lived marriage. In the book Lewis considers the problem of suffering from a purely theoretical standpoint.

Christianity creates the problem of pain because it provides hope for righteousness and love. Without the revelation that God loves us, the painful world would make sense. Pain would have no cause. Let s face it: it s much easier to dismiss God or to regard him only as an airman regards his parachute, as Lewis says, there only if he needs it but he hopes he never does.

'The Problem of Pain ' by C S Lewis Sam Selikoff

The problem of pain is only a 'problem' if we ascribe righteousness and love to our reality. Similarly, we must

explain the historical development of Christianity. People can deny morality and the feeling of the Numinous, but if they do so, they cut themselves off from the great poets and prophets of all of human history.

The Problem of Pain answers the universal question, "Why would an all-loving, all-knowing God allow people to experience pain and suffering?" Master Christian apologist C.S. Lewis asserts that pain is a problem because our finite, human minds selfishly believe that pain-free lives would prove that God loves us.
