**BEST THE SACKETTS BOOKS:** Sackett: The eighth novel in the series that was also made into a TV series is one of the best novels in the series. The novel tells the story of William Tell Sackett, who finds himself a drifter without a place to call his own but determined to find one. He finds just the place he had been looking for South of the Tetons. He also finds a beautiful, resourceful, and courageous woman only to learn that he may have to choose one treasure over the other.

The Sackett series is a series of novels by American author Louis L. Amour. These western (or Frontier ) novels don't all feature the whole family, but rather each novel features a different member of the Sackett clan. The family tree consists of several different members, including Barnabas, Kin-Ring, Brian, Yance, Jubal, Echo, Logan, Nolan, Lando, Falcon, Flagan, Galloway and Parmalee.

### **Sackett The Sacketts A Novel Amazon de Louis L'Amour**

The title of this book is simply SACKETT, and it is the best of the series, even better than The Daybreakers and To the Far Blue Mountains. Tell is my favorite of the Sackett brothers. He is the easiest to identify with, and I enjoyed reading this book, which introduces you to one of L'Amour's best characters. Sackett is a good book for anyone just starting to read L'Amour and is a good lead-in to the rest of the Sackett Series.

### **The Sacketts ebooks by Louis L'Amour Goodreads**

It's nice to get these five books together in one collection for the less than the price you would pay for each title individually in the Amazon Kindle store. What I also appreciate is the Sackett books are in historical, not date written, order as you can chronicle the lives of the Sackett clan through early American history.
