The Soulkeepers The Soulkeepers 1 by G P Ching

"The Soulkeepers" is guilty of stealing precious hours of sleep, but it is so worth every minute spent and more. This story has an original premise, beautiful scenery, lovable characters, jaw clenching action, and a book load of mystery to keep the pages turning until the very end. G.P. Ching's writing is brilliant and some aspects of the "The Soulkeepers" are reminiscent of one of my favorite author's work, Anne Rice.

Awaken A Soulkeepers Novel The Soulkeepers Book 2

This is book 2 in the series and began where book 1 took off. I loved the twists and turns in this book and how we get to see Sophia grow to her awakening. Dante is back and the relationship with Michael and Sophia changes somewhat in this book. This is an excellent twist at the end of this book and I can't wait to see what happens in book 3.
