The Spectacular Now by Tim Tharp Goodreads

The Spectacular Now is a strange sort of book. I want to lecture it, to give it my own personal big-sister talking to. In some ways I wanted to hate it because the way it almost glorified teenage drinking and partying. But I can't. Because even if I don't agree with Sutter's methods, he feels like a real believable teenager.

The Spectacular Now Book Review Common Sense Media

The Spectacular Now is a very sophisticated story, but could lead to some interesting discussions about what behaviors we celebrate in high school culture, what makes someone an alcoholic, and even how we are supposed to feel about Sutter, a likable but misguided character who spends most of his life drunk.
