### **The Substitute Millionaire by Susan Mallery NOOK Book**

I've read a lot of books by Susan Mallery and this series is another charmer. I liked each of the sisters, their men and the stories. This book was my least favorite in the series because the story seemed rushed and a little choppy. But each book gets better and better. It's a very cute trilogy, but if you are looking for another sister series that is better than this one by Ms. Mallery I would definitely recommend the Bakery Sisters or the Titan Sisters.

### **The Substitute Millionaire Audiobook by Susan Mallery**

Susan Mallery is one of my favorite authors and she also the narrator is one of my favorites as well. This story is definitely not the best work of either of them but it's ok. The problem is that it is so short that the romance doesn't seem credible. But it's still worth buying if it's on sale and you have 4.5 hours to spare.
