The Summerhouse by Jude Deveraux Goodreads

The Summerhouse Jude Deveraux So disappointed. The book really held my interest until author decided midway to go off into silly stupid. Almost as though a different writer took over. Wish I had known that I was reading a fantasy 'Romance' novel at the onset. With 90 pages to go, I put it down.

The Summer House by Hannah McKinnon Goodreads

The Summer House was my first Hannah McKinnon book, and I think it's safe to say it will not be my last. It was filled with love, heartbreak, plenty of drama, and a real family. I always love books that deal with real life situations instead of perfect cookie cutter families with no issues whatsoever. The characters were unique and I found myself relating to each of them in one way or another.

We love the summer house, but please stop telling us how long we have the table for, we know how long when we book, it just puts an added pressure to the evening unnecessarily. This adjustment would make all the difference. The bar area is very narrow, if you are expanding please consider this.

Callie Weaver and best friend Olivia Dixon have finally done it: put their life savings into the beach house they admired through childhood summers, on the dazzling white sand of North Carolina's Outer Banks.
