The blurb for this says: "Atom Egoyan's Oscar-nominated The Sweet Hereafter is a good movie, remarkably faithful to the spirit of Russell Banks's novel of the same name, but Banks's book is twice as good." It has been a while since I read the book or saw the movie, but I'd say this assessment is kind of backwards. Banks's book is

good, but the movie is a masterpiece. I should revisit both soon.
