Vertical Farm Feeding the World in the 21st Century

I won't even try to explain how a Vertical Farm works or why it is such an amazing concept because the book does this so eloquently that my words wouldn't compare. Please just read it and think how the world would change for your kids and grand kids if we took the time and effort to make this happen. Good luck and I will see you on Level 4 of the first vertical farm (that one will be mine).

The Vertical Farm Goodreads Share book

The idea of a vertical farm is a great idea for urban agriculture. Basically, vertical farms are buildings which house green houses and create a close system, using waste water and such to grow food for city dwellers.

Unfortunately, the idea of a vertical farm is still in the planning stage and there hasn't been one created yet.
