## RELATED BOOK :

### **The Vortex Where the Law of Attraction Assembles All**

Esther Hicks, who writes this book for the nonphysical intelligence Abraham, creates this vapid book that rattles on and on, offering nowhere near as many useful processes as Abraham's formal materials (particularly Ask and It is Given). This might be one of the most useless of all her books, though it placed on the New York Times Bestseller list.

### **The Vortex by Esther and Jerry Hicks HayHouse**

"The Vortex" is a great book. I have learned to see and feel and expect the positive solution, instead of dwelling in negatives. I listen to the CD on a regular basis, as well as referring to my underlined passages in the book. I highly recommend it

### **Vortex by S J Kincaid Share book recommendations with**

It was still a good book, it just didn't have me screaming and shrieking like an excited, insane girl. Vortex had a bit of a slower start and I didn't get fully sucked into the book until half way or 3/4 of the way through. I kind of had a love/hate relationship with Tom in this book. He definitely came across very immature at times.
