The Watchers The Watchers 1 by Lynn Purcell

This book had so many similarities to Twilight I felt like I was reading a totally plagiarized book, after about 1/2 way the book started taking on its own story, but still had so many similar things to other books I have read it really annoyed me. I did enjoy the story however just had to look past the copy-cat stuff.

Smashwords The Watchers a book by Lynn Purcell

This book was good, but I have to compare it to Twilight. There are no vampires in this book, but The Watchers invokes that dreamlike feeling you get from Twilight, and the author is masterful in describing the setting so I felt like I right there in the forest, or driving through the small town.
