The Wounded Spirit by Frank E Peretti

The Wounded Spirit was published in 2000. I reread it in one evening recently and found it more relevant than ever for today's world. This is an excellent small book on the bullying, teasing, and abuse that often harms children, even breaking their spirit.

The Wounded Spirit by Frank E Peretti Saturday Morning

To be clear, The Wounded Spirit isn't a typical Frank Peretti work. This isn't fiction of any stretch of the imagination. It's a serious work. And it's presented in such a way that only Frank Peretti can. While much of this book is centered by the late Columbine tragedy, it is still very relevant. Ultimately, this book is about being bullied.

This book is the haunting true story of pain Frank Peretti never forgot but never, until recently, shared with the world.
