International Political Economy Thomas Oatley

Oatley's textbook represents a masterful introduction to the field of international political economy. The book provides an accessible yet sophisticated overview of the subject for beginners. The society- and state-centered approaches equip students with the theoretical building blocks to understand who wins and who loses from globalization.

Thomas Oatley ResearchGate

International political economy rests on issue-specific models of trade politics and exchange rate politics. The private actors we model, however, do not always respect the borders we draw around these issue areas. As I demonstrate, firms react to exchange rate movements by demanding trade protection.
