The Three Little Pigs by Elizabeth Ross Goodreads

The Three Little Pigs is a fable about three pigs that each builds a house using a different material. Then a big bad wolf attempts to blow down each house. He is successful blowing down the house made from straw and wood, but is unable to blow down the house made of brick. A timeless classic that never gets old. A story that teaches the importance of staying focused and not taking the easy way out. This would make a great read aloud for libraries and classrooms.

The Three Little Pigs by Steven Kellogg Read Books Online

The Three Little Pigs is a classic tradition literature book for grades K-2. This retold tale has an interesting twist with the pigs running a waffle hut. The pigs get in a sticky situation with the wolf, like in the classic tale, but this one ends a bit differently. This is not my favorite version of the story but it still has the same plot as the original.
