### **The Diana Chronicles Amazon de Tina Brown**

Tina Brown's Biography of Diana, Princess of Wales offers entertaining views. She explains many backgrounds. But her judgement is often ruled by cynical comments on Diana. It's easy to know things better by looking back. Brown, who as former editor of the Tatler has excellent information about the British upper class, clearly offers cynical double standard views of the kind of establishment that Diana tried to avoid. This book makes the Princesses troubles and fights even more understandable.
