Too Big to Fail The Inside Story of How Wall Street and

Too Big to Fail is an altogether excellent book by financial journalist Andrew Ross Sorkin. It is a compelling narrative that tells the story of how the nation's largest and most prestigious financial institutions came to the brink of collapse and almost took the entire economy with them in the great economic crisis of 2008.

Too big to fail Wikipedia

Some critics, such as Alan Greenspan, believe that such large organisations should be deliberately broken up: "If they're too big to fail, they're too big". More than fifty prominent economists, financial experts, bankers, finance

industry groups, and banks themselves have called for breaking up large banks into smaller institutions.
