Watercolor Painting Tips for Beginners ThoughtCo

The beauty of watercolor paint is its transparency and luminance. Properly applied, watercolor shows the complexity of color by revealing layers of transparent color. It allows light to travel through the layers of paint and reflect off the paper. So, use a light touch. For more control of the paint but less transparency, use less water on your brush; for greater transparency, use more water. Try to find the balance that works for you.

How to Paint With Watercolors with Pictures wikiHow

Watercolor paint dries several shades lighter than it appears when it is still wet. Keep this in mind when you're figuring out how to make a color lighter or darker. Try not to overmix your colors. They don't need to be totally blended. One brushstroke may contain distinct gradations of color, rather than a solid blend. That's part of the beauty of watercolor.
