What Alice Forgot Share book recommendations with your

First off, What Alice Forgot is so different from my normally preferred genres. This adult fiction covers a broad array of topics that frankly scare the shiz out of me, including divorce, death, infertility and a complete breakdown of the family unit.

What Alice Forgot Book reviews Find the best new books

What Alice Forgot This is not the type of book I probably would have picked up if I had not won a copy. I decided to read the first few pages and I couldn't put it down. I loved the way Moriarty let Alice discover new things about herself daily - the accounts of her interactions with her 3 children that she didn't even remember having were priceless.
