Definition of Human Resource Strategy Bizfluent

Human resource strategy also is important if you are in an industry where there is rapid and ongoing change, such as the technology industry. It will be virtually impossible for your company to survive in an industry where change is constant. Greek philosopher Heraclitus said thousands of years ago that the only thing that is constant in life is change, and, of course, he wasn't referring to the technology industry.

Strategic human resource planning Wikipedia

Human resource planning is a process that identifies current and future human resources needs for an organization to achieve its goals. Human resource planning should serve as a link between human resource management and the overall strategic plan of an organization. Ageing workers population in most western countries and growing demands for qualified workers in developing economies have underscored the importance of effective human resource planning.
