This is the 2nd book in the Janie Johnson series, and I loved it just as much as the 1st! In this book, Janie/Jenny is being forced to cut off ties with the family and friends she has spent her whole life with to move in with her rightful family. As you can assume, things don't go very well. Janie/Jenny does not adjust easily into this new life. I can't wait to read the rest of the series.

What struck me most about this book was that no one (with the possible exception of Reeve) seem to think about what was best for Janie or have any sort of realistic expectations about her reunion with the Spring family.

although I feel the book should have been longer and given a little more of a window into what happened when Janie was kidnapped the story was amazing. I love this series and I love how we got to see so many perspectives between Janie, Jodie, Mrs. Spring, and Stephan it concludes really well with what the policeman told Jodie and Stephen.
