How Civilizations Die And Why Islam Is Dying Too David

The title of Goldman's book is How Civilizations Die, but the addendum, And Why Islam is Dying Too, may be more important. For there is almost no awareness that the Muslim world is following in the footsteps of western civilization. Indeed, a popular narrative among those who seek to revive Europe has it that Muslims will soon rule the continent. But while European Christianity eventually lost the fight with modernity, Islam has fared worse.

How Civilizations Die by David P Goldman Goodreads

Interesting thoughts on How Civilizations Die, although the subtitle should be a clue describing a large part of

the book, as the author looks at what he sees as the coming population collapse of countries such as Turkey and Iran. He claims that rich countries such as Western Europe may be able to barely, and through sacrifice, cope with a largely senior population by the middle of this century, but poorer countries like Iran will be unable to cope.
