### **Amazon com Customer reviews Windows 8 For Dummies**

(or at least until the next Windows version comes out) The author of this Dummies book opines most if not all of Windows 8 features will be around for a long time. But perhaps MSN's CEO Mr. Ballmer may be paying the price for this imperfect system and the declining company revenue caused by it. In a perfect product world, Dummies books would never been needed, but with today's increasing technical complexity, they are and will be for the foreseeable future.
