The Second World War book series Wikipedia

Churchill's privileged access to documents and his knowledge gave him an advantage over other historians of the Second World War for many years. The books had enormous sales in both Britain and the United States and made Churchill a rich man for the first time.

The Second World War 6 volumes Churchill Book Collector

Churchill wrote history both figuratively and literally. And on no page of history did Churchill make a more indelible mark than that of the Second World War. As with so much of what Churchill wrote, The Second World War is not "history" in the strictly academic, objectivist sense, but rather Churchill's perspective on history.
