Wonders of the Universe by Brian Cox Goodreads

The book is as the title describes, about wonders of the universe. While there was interesting information, I felt the explanations could have been better. Also, some of the writing seemed muddled and could have been improved. The travelogue, while interesting, seemed out of place. The book was decent, but could have been better.

Wonders of the Universe Wikipedia

Wonders of the Universe was first broadcast in the United Kingdom on BBC Two from 6 March 2011. The series comprises four episodes, each of which focuses on an aspect of the universe and features a 'wonder' relevant to the theme. It follows on from Cox's 2010 series for the BBC, Wonders of the Solar System.
